

## "My Soul Is a Witness" 10 Year Anniversary Celebration

Old Dillard Museum plans for celebrating the 10-year anniversary of its book includes interviews and lectures with the former author Deborah Work and Ernestine Ray, former Curator, who originally spearheaded the writing of "My Soul Is a Witness." The celebration will bring together the talents and skills of a variety of artists in Broward County to commemorate the people, places and events that have challenged and inspired Fort Lauderdale's African-American community over the past century.
